Philanthropy

My long-held dream and desire to give back to my Alma Mater became a reality in fall 2016 and subsequently an endowed scholarship was established in fall 2018. The primary goal of **Dr. Karodeh & Dr. Osun Endowed Scholarship (KO)** is to promote post graduate training to HUCOP's prospective graduates and soon to become colleagues and alums of our beloved Howard University and the College of Pharmacy. In fall 2018, with the help of my Provost, Dean, and HU Office of Development, I was able to fulfill my dream and founded and funded KO Endowed Scholarship with \$30,000.00 donations received, in my name, by Howard University College of Pharmacy from two of my NTDP program recent graduates. **Dr. Karodeh & Dr. Osun Endowed Scholarship** is awarded to three (3) fourth year students each receiving \$500.00 to assist them with their travel plans to attend American Society of Health System Pharmacists (ASHP) Mid-Year Meeting and participate in their Fellowship and Residency interviews.
