843-310-9721

Howard University College of Medicine
Department of Obstetrics & Gynecology Faculty Instructor
2041 Georgia Avenue NW, Suite 3C-08, Washington, DC, 20011

Practice

Howard University College of Medicine

2022-current

Medical Director of Obstetrics and Gynecology Outpatient Practice

Obstetrics and Gynecology Generalist Faculty Instructor: group setting where I work with other generalist ObGyns as well as specialists (Maternal Fetal Medicine, Urogynecology, etc). Resident education and care for the Howard University Hospital is my main objective. Greater than 80% of my time is spent in direct patient care with primarily patients who are uninsured, underinsured, or insured by Medicaid.

Education

American Board of Obstetrics and Gynecology

2023

Board Certified

American College of Obstetricians and Gynecologists

2024

Fellow

University of Tennessee Medical Center Knoxville: Knoxville, TN

2022

Obstetrics & Gynecology Residency

University of South Carolina School of Medicine Greenville: Greenville, SC

2018

Doctor of Medicine

Mississippi College: Clinton, Mississippi

2013

Master of Science

Biology Medical Science

Wellesley College: Wellesley, Massachusetts

2010

Bachelor of Arts

Major in Medieval/Renaissance Studies

Minor in Biological Sciences

Faculty Development

Association of Professors of Obstetrics and Gynecology

2023-current

Surgical Educator Scholars Program

Learned how to develop and implement surgical education curricula and conduct surgical education research projects. Skilled training in creating surgical faculty who are experts at surgical teaching, supportive of other faculty in providing excellent surgical teaching, and ready to conduct research in surgical education.

Research Experience

Summer Program in Obesity, Diabetes and Nutrition Research Training (SPORT)

May-Aug 2015

Under the mentorship of Dr. John Olson, I developed a research project in the field of endocrine surgery, attended weekly lectures and conferences, participated in a mid-summer research retreat, delivered a formal presentation of research, and poster presentation.

University of Maryland School of Medicine, Baltimore

Leadership & Committees

Howard University College of Medicine Student Advisory Council Obstetrics and Gynecology Advisor Mentor, sponsor, and advise third- and fourth-year medical students interested in the field of Obstetrics and Gynecology. Support their applications for residency.	2024-current
Howard University College of Medicine Obstetrics and Gynecology Third Year Clerkship Director Develop and maintain a didactic and simulation curriculum for third year medical students on their Obstetrics and Gynecology clerkship. Organize and participate in lecture series, give feedback for scholarly activity presentations, and evaluate students throughout the rotation.	2023-current
Howard University Hospital Robotic Committee <u>Committee Member</u> Support and organize DaVinci Robotic platform initiatives, develop resident curriculum guidelines and support, address issues relating to operating room efficiency and new technology.	2023-current
Howard University Hospital BLESS <u>Physician Committee Member</u> Howard University Hospital Breast feeding initiative and support group	2023-current
Physician Advisory Committee <u>Committee member</u>	2021-2022

PAC meets each month to discuss hospital wide changes and process improvement strategies. I was one of 2 residents selected to represent over 200+ residents at UTMCK regarding feedback on technology, campus, and policy updates for the hospital system.

Didactics and Education Chief Resident

2021-2022

Organize weekly didactics sessions for the department that incorporate CREOG learning objectives and prepare residents for annual CREOG exams. Coordinate with faculty, staff, and product representatives to create interactive learning sessions using the UT SIM Center.

Orthopedics/Sports Medicine Interest Group

2015-2016

Vice President

Planned and led month meetings with medical students and faculty. Networked with attendings to present on topics relating to career and nuances of Sports Medicine.

Supporting Women in Medicine

2015-2016

Founder, Co-Chair

Established a new organization to support women entering the medical field. I worked to create the group from the ground up as I saw a need for improved mentorship for women physicians. After learning the process of creating an organization at my medical school, I collaborated with Greenville Health System (now Prisma) physicians to lead talks and networking events on the topic of supporting women in medicine.

UTMCK Resident Handbook

Current

Editor, Ebook creator

Updated and revised the resident handbook for the 2021-2022 academic year to incorporate the most up to date guidelines and recommendations. Used editing software to create eBook version available on Apple Books

Transgender Medicine for General Medical Providers

February 2021

Coursera & Icahn School of Medicine at Mount Sinai Certificate

Completed an online course on the medical and surgical treatment of transgender individuals for my PGY-3 elective. Modules detailed the essential behavioral health, primary care, hormone therapy, and the surgical options with which providers caring for transgender patients should

be familiar. The course included two hours of didactics and reading materials each week for 10 modules.

Professional Experience
